

PRODUCT RANGE

INNOVATIVE SOLUTIONS

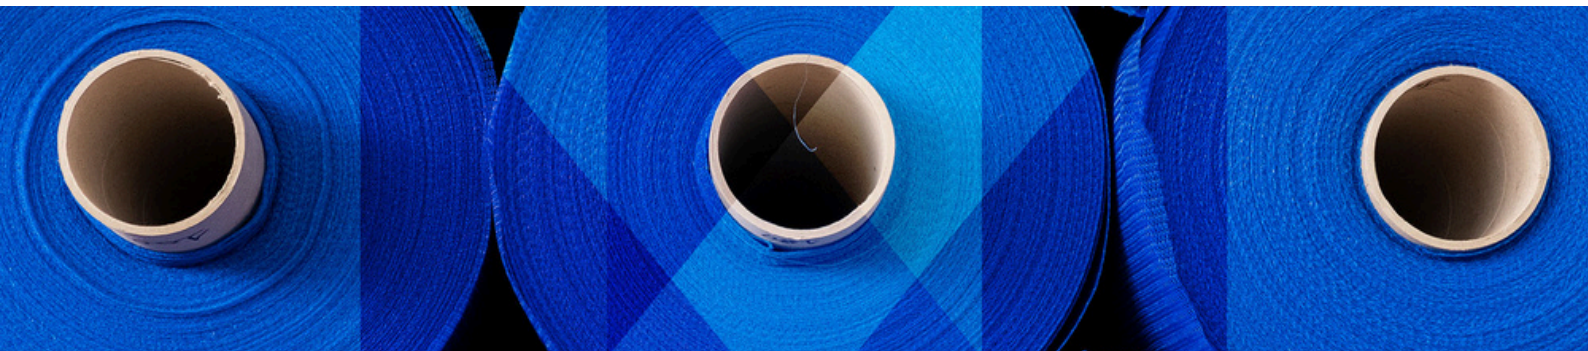

SDF is focusing on the needs of the composites industry and brought together the right suppliers and products for you.

PRODUCT GROUPS

- Infusion Consumables,
- Fiber Reinforcements,
- Core Materials,
- Structural Adhesives,
- Epoxy Resins,
- Application Guns,
- Mixer Nozzles,
- Cartridges

SECTORS

- Marine,
- Aviation,
- Defense Industry,
- Automotive,
- Rail Systems,
- Energy,
- Electronics,
- Construction

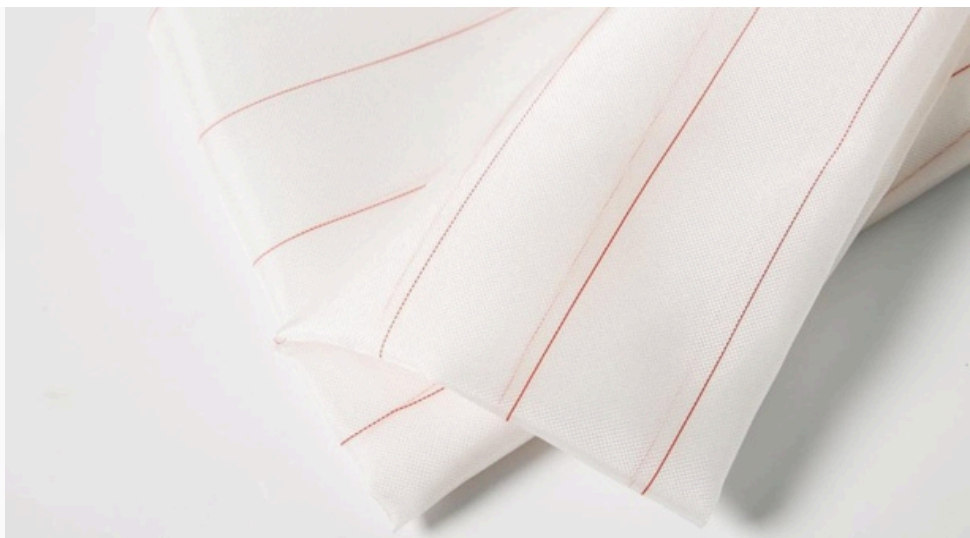

INFUSION CONSUMABLES

- Vacuum Nylons,
- Flow Meshes,
- Peel Ply,
- Release Films,
- Combi Ssystems,
- Sealand Tapes,
- Hoses,
- Flow Systems,
- Ports and Connectors

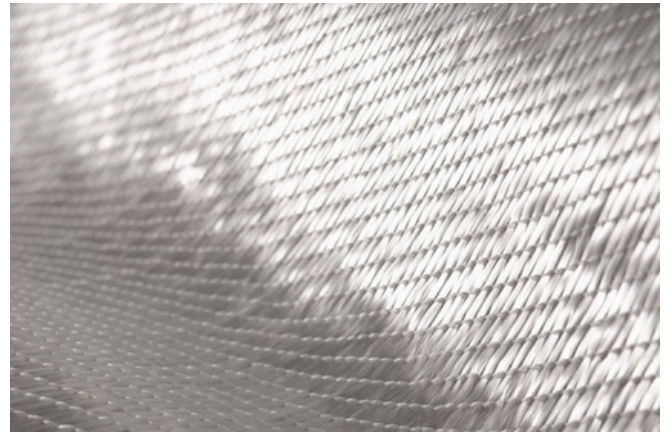

Comprehensive technical support is offered to customers via supplier assistance.

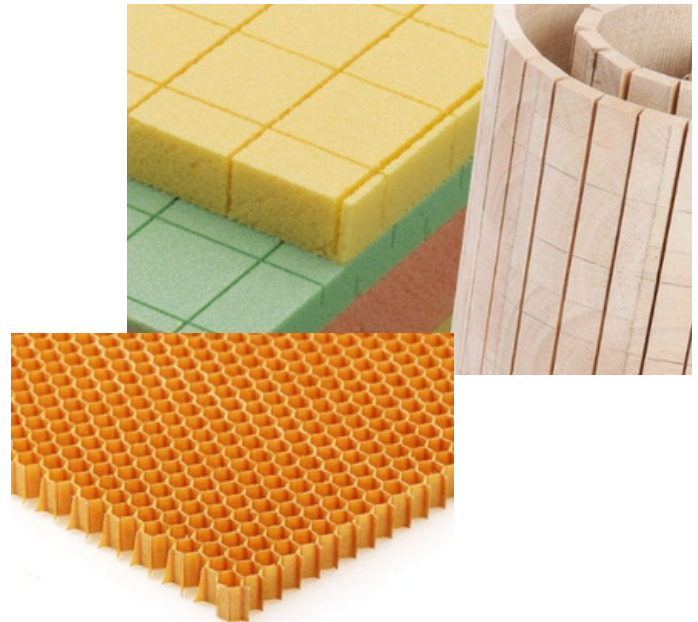

REINFORCEMENT LAYERS

- Multiaxial Glass & Carbon Fabrics
- Plain Woven Glass Fabrics
- Twill-Woven Glass and Carbon Fabrics
- CSM Fibers
- RTM Combi Fibers

CORE MATERIALS

- PVC Foam
- PET Foam
- PMI Foam
- PU Foam
- Aramid / Nomex Honeycomb
- Aluminum Honeycomb
- PP Honeycomb
- Balsa

PMI FOAMS

- Heat resistant up to 200°C.
- Compatibility with medium- and high-temperature autoclave curing processes.
- Appropriate for application in diverse liquid molding processes.
- Superb dielectric characteristics.
- PMI foams used in various sectors, including aviation, drones, rail transport, wind turbine blades, medical equipment, radar systems, yachts etc.

STRUCTURAL ADHESIVES

- Cyanocrylate adhesives,
- Methyl methacrylate adhesives,
- Epoxy adhesives,
- Ultraviolet adhesives,
- Silicone adhesives,
- Polyurethane adhesives,
- SBS adhesives.

RESIN SYSTEMS

- Epoxy encapsulation resins,
- Polyurethane casting resins,
- Epoxy resins

APPLICATION GUNS

- Manual Guns
- Rechargeable Guns
- Battery-Powered Guns
- Mixer Attachments and Cartridges
